Illustrated Parts List

Automatic Fixed Mount Lens 17mm f/3.5

Publication No. 3746108 / March 1979

HOW TO USE THIS PUBLICATION

HOW TO FIND PART ORDER NUMBERS

Parts are illustrated on exploded view drawings where each part is identified by a reference number or designator. These reference numbers appear in sequence in the parts list where they are cross-referenced to the part numbers and descriptions.

When a part is not available separately it can be obtained only by ordering the assembly containing it. The part number of that assembly may be shown immediately to the right on the same line in an "Included in Assembly" column or at the end of the parts list(s), or it may be indicated by footnotes.

In parts lists for lens items, quantities of each item are listed as used in the different lens mounts. The mounts are referred to as:

U = Vivitar-Universal Thread Mount

K = Konica Autoreflex Series Mounts

N = Nikon Mounts

O = Olympus OM Series Mount

M = Minolta Mounts

P = Pentax K Mounts

C = Canon Mounts

Note that many parts are common to more than one mount. This commonality is shown in the complete parts list at the end of the manual, so that service centers desiring to stock replacement parts can order economically.

CAUTION

This publication is intended for use by persons having skills and equipment needed to service the subject product(s) safely and correctly. Users are cautioned that special tools and/or test equipment may be required for proper disassembly, reassembly, alignment or adjustment or damage to the product may result.

NOTE

All dimensions are in millimeters unless otherwise specified.

Notice: Information contained herein is subject to change without notice.

HOW TO ORDER PARTS

Please furnish the model number and serial number of the product for which parts are being ordered. For each part requested, please supply part number, description, and required quantity. Mail or phone parts orders to:

Vivitar Central Parts Service 2700 Pennsylvania Avenue Santa Monica, California 90406

Telephone:
