Quiet zoom and rapid focus for your movies

Boasting a brand new, optimised overall design, the latest generation of the M.ZUIKO DIGITAL 14-42mm 1:3.5-5.6 II R (35mm equivalent focal length: 28-84mm) has now arrived. This ultra-compact zoom lens delivers magnificent 3x zoom performance as small as before in a renewed design. It is also equipped with MSC technology for superb videos and still pictures - with extremely high-speed, practically silent auto focusing and great movie sound even when zooming in and out. However fast your subject and however far away, this lens has the specialist capabilities to rise to challenge and deliver stunning visual results and complete with interchangeable decoration rings it perfectly matches the colour of different PEN cameras.
